

- **Name:** **Yoon Ji Choi**
- **Current Position & Affiliation:** **Korea University College of Medicine  
Associate Professor**
- **Country:** **Korea**

• **Educational Background:**

<b>Academic Qualifications (most current date first)</b>		
Degree	Date (YYYY)	Institution, Country
M.D.	2006	Korea University College of Medicine, Seoul, Korea
M.S.	2010	Korea University College of Medicine, Seoul, Korea
Ph.D.	2015	Korea University College of Medicine, Seoul, Korea

• **Professional Experience:**

<b>Current and Previous 4 Relevant Positions Including Academic Appointments</b>		
Start and End dates	Title	Institution, Country
Mar 2020 – Sep 2020	Associate Professor Assistant Professor Clinical Assistant Professor	Korea University Anam Hospital, Seoul, Korea
Mar 2016 – Aug 2016		Korea University Anam Hospital, Seoul, Korea
Mar 2013 – Feb 2016		Korea University Anam Hospital, Seoul, Korea
Mar 2012 – Feb 2013		Korea University Anam Hospital, Seoul, Korea
Mar 2011 – Feb 2012	Clinical fellowship	Asan Medical Center, Seoul, Korea
Mar 2011 – Feb 2012	Clinical fellowship	Korea University Anam Hospital, Seoul, Korea
Mar 2007 – Feb 2011	Resident	Korea University Anam Hospital, Seoul, Korea

• **Professional Organizations:**

Korean Society of Medical Oncology  
 Korean Cancer Study Group (member of Lung Cancer subcommittee & GUGY subcommittee)  
 The Korean Cancer Association  
 The Korean Society for Head & Neck Oncology

**• Main Scientific Publications:**

1. The serum bone morphogenetic protein-2 level in non-small-cell lung cancer patients. **Choi YJ**, Kim ST, Park KH, Oh SC, Seo JH, Shin SW, Kim JS, Kim YH. *Med Oncol*. 2012 Jun;29(2):582-8.
2. Werniche's encephalopathy following allogeneic hematopoietic stem cell transplantation. **Choi YJ**, Park SJ, Kim JS, Kang EJ, Choi CW, Kim BS. *Korean J Hematol*. 2010 Dec;45(4):279-81.
3. Small bowel carcinoma in young patient detected by double-balloon enteroscopy. **Choi YJ**, Jung SW, Um JW, Lee ES, Koo JS, Yim HJ, Lee SW, Choi JH. *Korean J Gastroenterol*. 2011 Oct 25;58(4):217-20.
4. The role of chemotherapy and/or octreotide in patients with metastatic gastroenteropancreatic and hepatobiliary neuroendocrine carcinoma. Lee S-Y, **Choi YJ**, Chang WJ, Shin SW, Kim YH, Kim ST. *J Gastrointest Oncol* 2014;5(6):457-462.
5. Phase II study of pemetrexed in combination with cisplatin in patients with advanced urothelial cancer: the PECULIAR study. **Choi YJ**, Lee SH, Ahn J-H, Lee K-H, You D, Hong B, Hong JH, Ahn H. *Br J Cancer*. 2015;112:260-265.
6. Randomized phase II study of paclitaxel/carboplatin intercalated with gefitinib compared to paclitaxel/carboplatin alone for chemotherapy-naïve non-small cell lung cancer in a clinically selected population excluding patients with non-smoking adenocarcinoma or mutated EGFR. **Choi YJ**, Lee DH, Choi CM, Lee JS, Lee SJ, Ahn J-H, Kim S-W. *BMC Cancer*. 2015;15:763.
7. The prognostic role of serum C-X-C chemokine receptor type 4 in patients with metastatic or recurrent colorectal cancer. **Choi YJ**, Chang WJ, Shin SW, Park KH, Kim ST, Kim YJ. *Oncotargets and Therapy*. 2016;9:3307-3312.
8. A case report of primary pericardial malignant mesothelioma treated with pemetrexed and cisplatin. Kim JS, Lim SY, Hwang J, Kang EJ, **Choi YJ**. *J Korean Med Sci*. 2017;32:1879-1884.
9. Phase II Study of Dovitinib in Patients with Castration-Resistant Prostate Cancer (KCSG-GU11-05). **Choi YJ**, Kim HS, Park SH, Kim B-S, Kim KH, Lee HJ, Song HS, Shin D-Y, Lee HY, Kim H-G, Lee KH, Lee JL, Park KH. *Cancer Res Treat*. 2018 Ict;50(4):1252-1259.
10. Association between hand grip strength and impaired health-related quality of life in Korean cancer survivors: a cross-sectional study. Paek J, **Choi YJ**. *BMJ Open*. 2019 Sep 8;9(9):e030938.
