

- **Name:** Javeria Haider
  - **Current Position & Affiliation:** Consultant Oncologist, Atomic Energy Cancer Hospital NORI, Pakistan
  - **Country:** Pakistan
- 

- **Educational Background:**

- MBBS (Bachelor of Medicine and Bachelor of Surgery) | Rawalpindi Medical College (2013- 2019)
- FCPS (Fellow of College of Physicians and Surgeons Pakistan) | Atomic Energy Cancer Hospital NORI (2021-2025)

- **Professional Experience:**

- **Post Graduate Resident Clinical Oncology | Atomic Energy Cancer Hospital – since January 2021**

NORI Hospital is a 100-bedded state of the art, government sector hospital with the highest number of referrals of oncology cases. It is equipped with latest machines like cyber knife, linear accelerator, True Beam, 4D-CT Simulator and capability of interstitial brachytherapy. On average 400 patients are treated per day.

**My tasks and responsibilities are:**

- Managing patients and providing treatment to patients with chemotherapy and targeted agents.
- Providing treatment to cancer patients using the latest radiotherapy techniques like cyber knife, interstitial brachytherapy and stereotactic radiotherapy.
- Attended different workshops on advanced radiotherapy techniques using IMRT, VMAT.
- Active participation in clinical trials being run in our hospital.
- Actively involved in radiotherapy treatment planning and verification.
- Presented challenging cases in both national and international tumor boards
- Managing indoor patients admitted with chemotherapy/targeted therapy or radiotherapy complications.
- House-Officer/Intern | Holy Family Hospital and Benazir Bhutto Hospital Rawalpindi - May 2019 till May 2020
